**BASE FACILITIES IMPROVEMENT  
RAS EL TIN NAVAL BASE  
ALEXANDRIA, EGYPT  
DACA78-99-C-0019  
(DACA78-99-R-0014)**

The U.S. Army Corps of Engineers, Transatlantic Programs Center awarded a contract (DACA78-99-C-0019) on September 19, 1999 to ENCORP INTERNATIONAL INC, 7223 N DIXIE HIGHWAY, FAIRFIELD, OH 45014 in the amount of \$1,357,000.

Scope of the contract includes construction of foundations and supporting utilities (power, compressed air, and water) for a MK-42 gun mount test stand and other ancillary equipment. The work will take place within an existing Egyptian Navy facility (Building 3 of the Ship Repair Facilities, Ras El Tin Navy Base) and will include demolition of existing construction and installation of equipment furnished by others. The work will also include construction of a fire pump house adjacent to the quay wall at Ras El Tin Navy Base.

For further information, please contact the Contracting Officer Nancy Aronhalt (540) 665-3686, or Contract Specialist George S. Ritter (540) 665-3784 (E-mail address [GEORGE.S.RITTER@USACE.ARMY.MIL](mailto:GEORGE.S.RITTER@USACE.ARMY.MIL)).
